RE: Norplex Division UOP, Inc.
P.O. Box 445
N.E. County Road
Postville, IA 52162
EPA ID# IAD073489288

Dear Mr. Jobe:

This is in reference to a Hazardous Waste Facility Certificate of Liability Insurance for policy #TLEH-196T801-9-B6 from The Travelers Indemnity Company for the above-referenced facility that was received by this Agency on June 16, 1986. It appears that this certificate was submitted to demonstrate compliance with the financial requirements of 40 CFR 264.147 and 265.147. However, a review of our files indicated that on May 15, 1984, we sent you a certified letter documenting the fact that this Agency denied a Resource Conservation and Recovery Act (RCRA) permit and terminated interim status for the above-referenced facility. In accordance with that action, Norplex Division, UOP, of Postville, Iowa, was relieved of RCRA permit and interim status requirements, which contain the financial requirements of Subpart H of 40 CFR Parts 264 and 265.

In the interests of avoiding possible future liability costs from sudden accidental occurrences, it may be your corporate policy to maintain such liability coverage; however, it is not of a regulatory concern to this Agency. Information on future financial coverage mechanisms received by this Agency will be placed in the already existing file on the above-referenced facility; however, no reviews will be conducted or action taken on such submissions.

A copy of our May 15, 1984 letter documenting the terms of the interim status termination has been enclosed for your convenience. If you have any questions concerning this letter, please contact David Huyett at (313) 236-4907.

EPA I.D. NO.: IAD073489288

FACILITY LOCATION:
Northeast County Road
Postville, Iowa

Dear Mr. Sparks:

This is to advise you that the Environmental Protection Agency (EPA) hereby denies a Resource Conservation and Recovery Act (RCRA) hazardous waste permit and terminates interim status for Norplex Division, UOP, Incorporated of Postville, Iowa, in accordance with Section 3005 of RCRA.

The facility may continue to generate hazardous wastes, but it may not function as a treat/store/dispose (TSD) facility unless a Part A and Part B hazardous waste permit application are submitted to the permitting agency and a permit is issued. The facility must continue to comply with 40 Code of Federal Regulations (CFR) Parts 262 and 270 as a generator of hazardous wastes.

In accordance with 40 CFR §124.15, this action will become effective thirty (30) days after the service of notice unless review is requested under 40 CFR §124.19, an evidentiary hearing is requested under 40 CFR §124.74, or a panel hearing is requested under 40 CFR §124.114. If you wish to request such review or a hearing, you must submit a request (an original and two copies) to our office within thirty (30) days from the receipt of this letter. The request will be timely if mailed by certified mail within a thirty (30) day time period following your receipt of this final notice. A request for review must conform to the requirements of 40 CFR §124.19. A request for an evidentiary hearing must conform to the requirements of 40 CFR §124.74, and a request for a panel hearing must conform to 40 CFR §124.114.

If you have any questions regarding this notice, please contact James A. Horn of my staff at (816) 374-6531.

Sincerely yours,

David A. Wagoner
